**Subject:** RE: MRL Permit

Cathy,

Thank you for relaying your concern. I have confirmed with Al that he received the City's December 11, 2020 submission, but he was unable to provide comments to the City prior to the City's issuance of the renewal permit to MRL on January 1, 2021. Nevertheless, EPA will provide comments that will demonstrate some deficiencies remain outstanding in the MRL permit. Our comments will also reveal that some of the MRL permit deficiencies identified in our November 25, 2020, AOC proposal were addressed by the renewed permit.

We will provide specific comments soon so that the City can incorporate the factual updates into the redline of the 11/25/2020 draft AOC that we believe the City to be working on.

-Robyn

**Subject:** MRL Permit

Robyn,

The City sent Al the MRL permit on Dec. 11, 2020, but did not receive any comments back from Al. See below. I'm surprised Al didn't mention this during our 1/27/2021 conference call when I asked about MRL. I don't think there is anything more for the City to do, but if you think otherwise, let's discuss.

Cathy

Al,

Attached is the final version of the MRL Industrial User permit we will be issuing prior to December 31, 2020. Please let me know if you have any comments or revisions.

Thank you,
